

## *Types of Services Available*

**Imperium Healthcare Inc. (Licensed Home Health Agency)** provides a variety of services to help you recover and regain your independence. Part of that goal is to help you learn about your disease process, medications, potential complications, and the importance of you being involved in your own health care. Our services may include, but are not limited to the following:

- Wound care
- Diabetic care, medication administration and teaching
- Urinary catheters, feeding tubes, and ostomy care
- Teaching and observation of many diseases such as hypertension, coronary heart disease or congestive heart failure
- Strength training and use of assistive devices
- Exercise
- Diet
- Voice, speech and swallowing disorders

**IHI** is a locally owned and operated home health care agency that is dedicated to fulfilling the health care needs of the patients of and surrounding areas. It is owned by

Although we are a newly formed agency, our staff are not new to home health care. We've taken the advice directly from our patients -- we are focused on their desire to have consistent, competent, thorough, and friendly home care staff. Our Mission is to put our patients needs first.

**IHI** strives to offer compassionate, quality home health care to individuals and families with exemplary customer service.

Whether you are a physician, health care coordinator, family member or in need of services yourself, please call us for more information about how we can help.

A state licensed and certified Home Health Agency

## *Our Commitment To You*

**IHI** strives to offer compassionate, quality home health care to individuals and families with exemplary customer service.

- The needs of our patients and their families will always be our first consideration.
- Our employees are competent, caring, and well-trained individuals who are responsive to the needs of our patients, their families, and the communities we serve.

Upon referral to our agency, **IHI**, works closely with family members, hospitals, physicians and other members of the medical team to develop the home care plan that will best meet the needs of the patient. You, your family and our staff will work together for a common goal ... the best care possible in your home.

## *Who Is Qualified for Home Health Services?*

Anyone recovering from surgery or illness who requires medical care or assistance in learning to live with a new diagnosis.

## *Who Can Refer You To Our Services?*

Just about anyone – your doctor, family, and friends – even you can refer yourself to **IHI**. Nursing homes, hospitals and rehab units may also refer you.

## *What Will Insurance Cover?*

Your insurance may provide complete or partial payment. Agency Name will explain your coverage and will bill your insurance directly. We accept:

- Medicaid
- Private Pay

## *Explanation of Services*

The **IHI** team works with your doctor to give you the health care that's right for you. Our team includes:

- **Nurses**, Registered Nurses (RNs) and Licensed Vocational OR Practical Nurses (LVNs or LPNs), work with your doctor to provide home care services. Their assessment, skilled treatment and support provide the high quality care you need to recover at home.
- **Physical Therapists** will come to your home to provide therapy such as exercise, gait training and instruction on the use of equipment.
- **Speech Therapists** help patients improve speaking or swallowing problems.
- **Medical Social Workers** help patients and family members understand problems related to care at home and coordinate community resources and services.
- **Home Health Aides** assist with activities such as bathing and dressing.
